Please be honest when telling us about your caring role and how it affects your life, sometimes carers can feel tempted to put on a brave face or understate their responsibilities.

It is best to be realistic about your situation including the amount of care you are willing and able to provide.

We can send you a copy of the Carers Assessment for you to complete yourself, or we can come and visit you in your home to help you complete one. You can also complete an online form at [http://www.reading.gov.uk/carer-assessment](http://www.reading.gov.uk/carer-assessment)

**Do you qualify for our WaterSure Plus scheme?**

We have simplified our criteria to make it easy to apply. You should qualify if:

- Your gross yearly household income is less than **£16,105** before any deductions, or
- Your gross yearly household income is less than **£19,201** if you live in a London borough.
- You can also deduct any disability payments from your income.

Also don’t forget to sign up to the priority listing if you are likely to need support in a power or water shortage (criteria applies).

**How to join the priority services register**

We aim for your taps to have a constant flow of water, 24 hours a day, 365 days a year. But if things ever do go wrong with your water or waste water services, we can offer extra help and support if you need it. By signing up to our free priority services register, we can tailor our services to you and prioritise how we support you if your water stops, as well as our day to day conversations with you.

You can sign up our register if you or a family member:

- are eligible for a pension
- have restricted mobility or a physical disability or have a chronic or serious illness
- need a consistent supply of water for a medical condition or equipment (such as dialysis or skin conditions)
- in need of foreign language or further communication support (such as dyslexia)
- have problems making decisions that affect your daily life (such as dementia)
- are registered blind or partially sighted or are deaf or hard of hearing
- are living with a mental health condition or are experiencing temporary life changes
- are a family with young children under 5

You can email us on ecs@thameswater.co.uk

Or by the phone: 0800 009 3652 (9am to 5pm, Monday to Friday)

If your hearing or speech is impaired, you can contact us using the Next Generation Text Service (NGTS).
Caring for someone under 18

If you’re looking after a child who needs more help than other children of their age because of an illness or disability, you should initially contact the West Berkshire Contact Advice and Assessment Service (CAAS).

Transition from Children's Services

Where Children are receiving support services and they or their families believe that they will continue to need some level of support through adulthood the Council will assist to plan this ‘transition’ from childhood to adulthood.

For all children, leaving full time education is a major change and no less so for young people with particular needs.

Services provided by Adult Social Care will necessarily be different from those provided within an educational framework and we would advise that parents and children engage with us at an early stage in order to understand whether an individual young person will be eligible for support when they reach the age of 18, and if so what level and type of support is likely to be available. Although it is recognised that circumstances can change over time,

where possible we would expect to have an initial conversation with families and children at the age of 14 in order to outline the type of support that may be available; from that point we will agree with families how best to formulate a plan for support into adulthood, how that will lead on from services provided before reaching 18, and what key contact points and planning processes will need to be established to make the ‘transition’ into adulthood as smooth as possible to suit the particular circumstances of the individual young person and their family. In order to initiate this discussion the starting point will be to call the

Contact Advice and Assessment Service (CAAS) on 01635 503090.

Old Fashioned Pumpkin Pie

Method

- Place the pumpkin in a large saucepan, cover with water and bring to the boil. Cover with a lid and simmer for 15 mins or until tender. Drain pumpkin; let cool.

- Heat oven to 180C/160C fan/gas 4. Roll out the pastry on a lightly floured surface and use it to line a 22cm loose-bottomed tart tin. Chill for 15 mins. Line the pastry with baking parchment and baking beans, then bake for 15 mins. Remove the beans and paper, and cook for a further 10 mins until the base is pale golden and biscuity. Remove from the oven and allow to cool slightly.

- Increase oven to 220C/200C fan/gas 7. Push the cooled pumpkin through a sieve into a large bowl. In a separate bowl, combine the sugar, salt, nutmeg and half the cinnamon. Mix in the beaten eggs, melted butter and milk, then add to the pumpkin purée and stir to combine. Pour into the tart shell and cook for 10 mins, then reduce the temperature to 180C/160C fan/gas 4. Continue to bake for 35-40 mins until the filling has just set.

- Leave to cool, then remove the pie from the tin. Mix the remaining cinnamon with the icing sugar and dust over the pie. Serve chilled with whipped cream (optional)
